Attached please find copies of two proposed documents: an Arizona General Tax Ruling explaining the forms of written and oral advice provided by the Department and an Arizona General Tax Procedure providing the procedure for requesting private taxpayer rulings. The documents supersede and rescind Arizona General Tax Ruling GTR 97-1 and Arizona General Tax Procedure 01-3. In an ongoing effort to interact with and inform the public regarding issues relating to taxation, the Department would appreciate your written comments on these drafts.

As you may know, the documents are the third revisions issued by the Department over a three-year period. They have been most recently amended based on comments received from the 2006 informal review-and-comment period.

Please be advised that the deadline for comments is Thursday, July 5, 2007. Any request for an extension of time for review must also be made by this date. This office will review all comments that are received through this date and make any appropriate revisions before the Department issues the final documents.

ISSUE:

Information concerning written and oral advice provided to taxpayers by the Department of Revenue (“Department”).

APPLICABLE LAW:

Arizona Revised Statutes (“A.R.S.”) § 42-1004 states:

A. The department shall administer and enforce the provisions of this title, title 43 and other laws assigned to it and has all the powers and duties prescribed by law for such purposes. In all proceedings prescribed by law the department may act on behalf of this state. In addition, the department shall:

1. Formulate policies, plans and programs to effectuate the missions and purposes of the department.

6. Provide information and advice within the scope of its duties subject to the laws on confidentiality of information and departmental rules adopted pursuant to such laws.

A.R.S. § 42-1123(C) states:

If the tax, whether determined by the department or the taxpayer, or any portion of the tax is not paid on or before the date prescribed for its payment the department shall collect, as a part of the tax, interest on the unpaid amount at the rate determined pursuant to this section from the date prescribed for its payment until it is paid.

A.R.S. § 42-2052 states:

A. Notwithstanding sections 42-1123 and 42-1125, no interest or penalty may be assessed on an amount assessed as a deficiency if either:

1. The deficiency assessed is directly attributable to erroneous written advice furnished to the taxpayer by an employee of the department acting in an official capacity in response to a specific request from the taxpayer and not from the taxpayer's failure to provide adequate or accurate information.

2. All of the following are true:
(a) A tax return form or tax ruling prepared by the department contains a statement that, if followed by a taxpayer, would cause the taxpayer to misapply this title or title 43.

(b) The taxpayer reasonably relies on the statement.

(c) The taxpayer's underpayment directly results from this reliance.

B. Each employee of the department, at the time any oral advice is given to any person, shall inform the person that the department is not bound by such oral advice.

C. For purposes of this section:

1. "Tax return form" includes the instructions that the department prepares for use with the tax return form whether the form or instructions are provided on paper or by electronic means.

2. "Tax ruling" means a statement issued by the director and denominated as a tax ruling or a tax procedure.

A.R.S. § 42-2078 states:

A. Unless expressly authorized by law, the department shall not apply any newly enacted law retroactively or in a manner that will penalize a taxpayer for complying with prior law.

B. If the department adopts a new interpretation or application of any provision of this title or title 43 or determines that any of those provisions applies to a new or additional category or type of taxpayer, and the change in interpretation or application is not due to a change in the law:

1. The change in interpretation or application applies prospectively unless it is favorable to taxpayers.

2. The department shall not assess any tax, penalty or interest retroactively based on the change in interpretation or application.

3. The change is an affirmative defense in any administrative or judicial action for retroactive assessment of tax, interest and penalties to taxable periods before the new interpretation or application was adopted.

C. Tax liabilities, penalties and interest paid before a new interpretation or application of chapter 5 of this title by the department shall not be refunded.
unless the taxpayer requesting the refund provides evidence satisfactory to
the department that the amounts will be refunded to the person who paid an
added charge to cover the tax.

D. For the purposes of this section, "new interpretation or application" includes
policies and procedures adopted by administrative rule, tax ruling, tax
procedure or instructions to a tax return.

A.R.S. § 42-2101 states:

A. The department may issue private taxpayer rulings to taxpayers and potential
taxpayers on request. Each request shall be in writing and shall:

1. State the name, address and, if applicable, taxpayer identifying
   number of the taxpayer or potential taxpayer who requests the ruling.

2. Describe all facts that are relevant to the requested ruling.

3. State whether, to the best knowledge of the taxpayer or potential
   taxpayer, the issue or related issues are being considered by the
department in connection with an active audit, protest or appeal that
involves the taxpayer or potential taxpayer and whether the same
request has been or is being submitted to another taxing authority for
a ruling.

4. Be signed by the taxpayer or potential taxpayer who makes the
request or by an authorized representative of the taxpayer or potential
taxpayer.

B. A private taxpayer ruling may be revoked or modified by either:

1. A change or clarification in the law that was applicable at the time the
   ruling was issued, including changes or clarifications caused by
   legislation, adopted administrative rules and court decisions.

2. Actual written notice by the department to the last known address of
   the taxpayer or potential taxpayer of the revocation or modification of
   the private taxpayer ruling.

C. With respect to the taxpayer or prospective taxpayer to whom the private
   taxpayer ruling was issued, the revocation or modification of a private
taxpayer ruling shall not be applied retroactively to tax periods or tax years
before the effective date of the revocation or modification and the department
shall not assess any penalty or tax attributable to erroneous advice that it
furnished to the taxpayer or potential taxpayer in the private taxpayer ruling if:

1. The taxpayer reasonably relied on the private taxpayer ruling.
2. The penalty or tax did not result either from a failure by the taxpayer to provide adequate or accurate information or from a change in the information.

D. A private taxpayer ruling may not be relied upon, cited nor introduced into evidence in any proceeding by a taxpayer other than the taxpayer who has received the private taxpayer ruling.

F. A private taxpayer ruling constitutes the department's interpretation of the law or rules only as they apply to the taxpayer making, and the particular facts contained in, the request.

J. In this section, "private taxpayer ruling" means a written determination by the department issued on or after September 21, 1991 that interprets and applies one or more statutes contained in this title or title 43 and any applicable administrative rules that the department has adopted to the specific prospective facts described in the request for a private taxpayer ruling.

In Valencia Energy Co. v. Arizona Department of Revenue, 959 P.2d 1256, 1267-68, 1272 (Ariz. 1998), the Arizona Supreme Court held that equitable estoppel may be applied against Department in attempting to collect transaction privilege tax from a taxpayer if the Department provided erroneous advice to the taxpayer and the elements of equitable estoppel (i.e., the party to be estopped commits acts inconsistent with a position it subsequently adopt, the other party relies on the earlier acts, and the latter party suffers injury resulting from the former's repudiation of its prior conduct) are met.

DISCUSSION:

The statutes governing the administration of Arizona tax laws direct the Department to assist in the compliance of taxpayers by providing them with information and advice. The Department is issuing this ruling as part of its continuing efforts to maintain an open line of communication with the public.

RULING:

It is the Department’s practice to respond to requests for information from individuals and organizations concerning their statuses for tax purposes and the tax effects of their transactions. The Department provides this guidance in the form of private taxpayer rulings, tax rulings and tax procedures, information letters, tax information notices and publications, and oral advice.
This ruling delineates the manner in which the Department provides information to taxpayers. The various documents issued by the Department are defined along with the reliance that may be placed on each document.

### Private Taxpayer Rulings

A private taxpayer ruling (sometimes referred to as a “letter ruling”) is a written document responding to a written inquiry by an individual or organization that is identified as a private taxpayer ruling request. Private taxpayer rulings are issued by the Tax Research and Analysis Section of the Department’s Tax Policy and Research Division and are always identified as “private taxpayer rulings.”

A private taxpayer ruling interprets and applies Arizona tax laws to a particular set of facts set forth by the requester. A private taxpayer ruling is issued for a specific fact situation. It does not apply to different fact situations of the requesting taxpayer or to other taxpayers. Private taxpayer rulings issued in response to requests received by the Department after July 17, 1994 are available for public inspection after all information that could identify the taxpayer and any other parties involved in the activity is redacted. See Arizona General Tax Procedure GTP 07-__ for more information on private taxpayer rulings and the procedure for requesting them.

Among other reasons listed in GTP 07-__, the Department will not issue private taxpayer rulings to issues that are subjects of existing audits, appeals, or refund claims with respect to taxpayers requesting the rulings or to anonymous or otherwise insufficiently identified requesters. A requesting taxpayers must be identified by name and identification number. Professional preparers or representatives acting on behalf of taxpayers must provide their names and individual identification numbers, as well as proof that they are authorized agents of the taxpayers requesting the private taxpayer rulings.

If the advice given by the Department in a private taxpayer ruling is found to be erroneous, the Department cannot assess any tax, interest or penalties attributable to the taxpayer following the erroneous advice if the taxpayer provided accurate and adequate information in the request and the taxpayer shows reasonable reliance on the ruling.

A taxpayer may rely on a private taxpayer ruling that the Department has issued to the taxpayer unless there was a misstatement or omission of material facts by the taxpayer or the taxpayer’s representative. A taxpayer may not rely on a private taxpayer ruling issued to another taxpayer.

A taxpayer must submit a request for a private taxpayer ruling in writing. More information on the procedures for requesting, issuing, and revoking a private taxpayer ruling is provided in GTP 07-__.
Tax Rulings and Tax Procedures

A tax ruling is a public written statement of the Department's position that interprets Arizona tax laws and applies the law to a specific set of facts or a general category of taxpayers.

A tax procedure is a public written statement issued by the Department to assist taxpayers in the implementation of tax laws, administrative rules, and tax rulings by delineating procedures that taxpayers may follow in order to achieve compliance.

No penalties or interest will be assessed on any deficiency due to a statement in a tax ruling or procedure issued by the Department if the taxpayer reasonably relies on the statement and the underpayment of tax results directly from that reliance. See A.R.S. § 42-2078 (the Department will not assess any tax, penalty or interest retroactively based on a change in interpretation or application of a A.R.S. Title 42 or 43 statute that is not prompted by a legislative action); see also Valencia Energy Co. v. Ariz. Dep’t of Revenue, 959 P.2d 1256, 1268 (Ariz. 1998) (reasonable reliance element of the reliance requirement for equitable estoppel of the state requires that the party seeking estoppel act in good faith by providing the state with correct information and neither knew nor was put on notice that the state’s position was erroneous). Nevertheless, unless based on a “new interpretation or application” of the tax statutes as defined in A.R.S. § 42-2078, the taxpayer will be liable for any tax that may be assessed. Also, if a taxpayer is issued a proposed assessment and fails to pay once the liability is found due and owing, interest begins to accrue from the date that the assessment becomes final, pursuant to A.R.S. § 42-1123(C).

See Arizona General Tax Procedure GTP 96-1 for more information on tax rulings and tax procedures and Arizona General Tax Procedure GTP 02-1 for the procedure to request an abatement of tax, interest, or penalties.

Information Letters, Statements of General Guidance, and Other Forms of Correspondence Issued by the Department

An information letter is a letter that responds to a written inquiry from taxpayers, taxpayer representatives, and various business, trade, and industrial associations or similar groups. The Department issues information letters only in response to written requests, never to oral inquiries.

An information letter may be issued if: (a) the taxpayer's inquiry indicates a need for general information that requires written assistance or advice on tax principles or applications or (b) the taxpayer's request does not meet the requirements for a private taxpayer ruling request but the Department determines that written assistance or advice is appropriate. The Department may offer advice in an information letter by providing a general discussion of tax principles or applications. The discussion may incorporate
references to relevant statutes, case law, administrative rules, and tax rulings or tax procedures.

Information letters are not private taxpayer rulings. They do not constitute statements of agency policy that apply, interpret, or prescribe the tax laws administered by the Department. In the event the advice given in an information letter is found to be erroneous, the Department will not assess penalties or interest directly attributable to the erroneous advice in response to a specific request from the taxpayer if the information provided by the taxpayer was adequate and accurate. Nevertheless, the taxpayer will be liable for any tax that may be assessed.

The Department’s standard disclaimer for information letters is as follows:

This is an information letter and not a private taxpayer ruling. The advice it contains is solely dependent upon the adequacy and accuracy of the information provided. Therefore, inadequate and/or inaccurate taxpayer information could result in the imposition of additional tax, interest and penalties. Conversely, if the taxpayer information is correct but the Department later determines that this advice is erroneous, any penalties and interest directly attributable to following this advice will be abated.

Although the Department provides oral advice to taxpayers, as discussed below, information letters will not be provided to persons currently under audit. Accordingly, the Department cannot issue information letters to anonymous or otherwise insufficiently identified requesters. Moreover, in order to comply with Rule 31 of the Rules of the Arizona Supreme Court (see Arizona General Tax Procedure GTP 07-__ for further discussion), the Department generally cannot issue an information letter responding to a request made by taxpayer’s agent or representative that is unaccompanied by a properly executed power of attorney. Instead, the Department may issue a statement of general guidance, which is designed to provide general advisory guidance that, while not providing a determination for a specific person, may be useful in helping the requester comply with the laws administered by the Department. Statements of general guidance are not binding on the Department, and the advice contained within is solely dependent upon the adequacy and accuracy of the information provided.

The Department’s standard disclaimer for statements of general guidance is as follows:

This is a Statement of General Guidance. A Statement of General Guidance does not pertain to a specific identified client. The Statement is designed to provide general advisory guidance that may be useful in complying with the laws administered by the Department. Statements of General Guidance are not binding on the Department. In addition, the advice it contains is solely dependent upon the adequacy and accuracy of the information provided.
The Department may respond to a request for an information letter with:

- The issuance of an information letter;

- The issuance of a statement of general guidance;

- A request for additional information necessary to complete an information letter; or

- A response declining to answer the request, explaining why the issuance of an information letter is not appropriate, and, if applicable, explaining why a request should be submitted to the Tax Research and Analysis Section for a private taxpayer ruling.

The Department will usually decline to answer an information letter request when it is too fact-intensive to answer with a general discussion or if the Department has no current position on the issues raised in the request.

Note that the Department issues many forms of taxpayer correspondence that constitute neither information letters nor statements of general guidance, as these two categories of responses are described above. Examples include:

- Collection letters,

- Assessments,

- Audit correspondence, including billings, no-change letters, and refund denials.

Consequently, the Department will always identify information letters and statements of general guidance as such. All correspondence will provide explanations of the level of reliance that taxpayers may reasonably expect to place on them.

Notices and Publications

Notices and publications issued by the Department are general guides to assist taxpayers in becoming familiar with Arizona tax laws. This category of documents includes both online and hard-copy versions of bulletins, brochures, pamphlets, and stuffers issued by the Department, as well as the Arizona Tax News publication.

Notices and publications are not intended to address complex issues in detail or to address a taxpayer's specific circumstance. If the information provided in a tax information notice or publication conflicts with Arizona tax laws, the language of the Arizona Revised Statutes and the Arizona Administrative Code will control.
If the information in a notice or publication issued by the Department is shown to be erroneous and a taxpayer shows reasonable reliance on that information, the taxpayer will be liable for any tax or interest which may result from the erroneous advice, but no penalties will be imposed.

**Tax Forms and Instructions**

Tax forms and instructions include the various tax return forms and instructions prescribed by the Department for the filing of tax information. If the information provided in the instructions to a tax return conflicts with Arizona tax laws, the language of the Arizona Revised Statutes and the Arizona Administrative Code will control.

No penalties or interest will be assessed on any deficiency due to a statement on a tax return form prepared by the Department if the taxpayer reasonably relies on the statement and the underpayment of tax results directly from that reliance. Nevertheless, the taxpayer will be liable for any tax that may be assessed. Also, if a taxpayer is issued a proposed assessment and fails to pay once the liability is found due and owing, interest begins to accrue from the date of the final assessment.

See *Arizona General Tax Procedure* GTP 96-2 for more information on tax forms and instructions.

**Oral Advice**

Taxpayers often request oral advice from employees of the Department. The Department does not issue private taxpayer rulings, information letters, or statements of general guidance in response to oral requests. In addition, the Department does not issue oral rulings. Nevertheless, employees of the Department will ordinarily discuss issues relating to a particular tax situation with taxpayers or their representatives.

By statute, oral advice is not binding on the Department. In the event oral advice provided to a taxpayer is found to be erroneous, the taxpayer will be liable for any tax and interest and also may be liable for any associated penalties which are attributable to the taxpayer following the erroneous advice.

**Explanatory Notice**

The purpose of a tax ruling is to provide interpretive guidance to the general public and to Department personnel. A tax procedure is a written statement issued by the Department to assist in the implementation of tax laws, administrative rules, and tax rulings by delineating procedures to be followed in order to achieve compliance with the law. Relevant statute, case law, or administrative rules, as well as a subsequent procedure, may modify or negate
any or all of the provisions of any tax procedure. See GTP 96-1 for more detailed information regarding documents issued by the Department of Revenue.
In 1991, the Legislature adopted a statutory provision, currently found at Arizona Revised Statutes ("A.R.S.") § 42-2101, authorizing the Department of Revenue (the "Department") to issue private taxpayer rulings (often referred to as "letter rulings") to provide Arizona taxpayers with all available knowledge relating to a specific tax situation. This legislation was intended to aid the taxpayer in making determinations of the taxability of unusual or complex transactions and thereby offer some protection from possible assessment at a later date. In 1994, the Legislature amended the statute to provide additional information to taxpayers concerning private taxpayer rulings.

The Department issues this procedure to explain some of the basic principles of and answer frequently asked questions about the issuance of private taxpayer rulings. Additionally, this procedure discusses areas in which the Department will not issue private taxpayer rulings and the reliance that may be placed on them by taxpayers and the Department.

GENERAL INFORMATION:

A private taxpayer ruling is a written statement issued by the Tax Research and Analysis Section of the Department's Tax Policy and Research Division to a taxpayer or potential taxpayer. The Department will issue a private taxpayer ruling only in response to a written inquiry by a taxpayer, a potential taxpayer, or an authorized representative of a taxpayer or potential taxpayer. A private taxpayer ruling interprets and applies Arizona tax laws to a particular set of facts.

A private taxpayer ruling:

1. Provides a taxpayer with guidance through a specific tax determination that is based on the taxpayer's specific fact situation.
2. Is issued for a particular fact situation. A private taxpayer ruling does not apply to different fact situations of either the requesting taxpayer or other taxpayers.
3. May not be relied upon by a taxpayer other than the taxpayer to whom the Department issued the private taxpayer ruling.
4. Will be open to public inspection after the Department removes all information that could identify the taxpayer and any other parties involved in the activity or transaction. The Department will delete the names, addresses, and identifying numbers of the taxpayer and any other party to the transaction.

The Department will also redact any other information that would permit a person generally knowledgeable of the appropriate community to identify any party to the transaction. The "appropriate community" is the group of persons who would be able to identify a particular person from the information regarding the transaction that is the subject of the ruling.

The appropriate community will necessarily vary according to the nature of the transaction. For example, if the transaction involves the purchase and installation of machinery or equipment that is particular to a certain industry, the appropriate community may include all persons engaged in business in that industry.

5. May be revoked or modified by the Department if either there is a change or clarification in the law that applied at the time the ruling was issued (e.g., changes or clarifications caused by legislation, adopted administrative rules, or court decisions) or the Department issued erroneous advice in the ruling. The Department will not assess taxes, penalties, or interest attributable to erroneous advice it provided in a private taxpayer ruling if the taxpayer provided accurate and adequate information in the request and the taxpayer shows reasonable reliance on the ruling.

The revocation or modification of a private taxpayer ruling may not be applied retroactively to tax periods or tax years before the effective date of the revocation or modification. If the Department revokes or modifies a private taxpayer ruling, the taxpayer or potential taxpayer will be notified by mail sent to the last known address of the taxpayer or potential taxpayer contained in the original ruling request or subsequent related correspondence.

The Department will issue a private taxpayer ruling only if no tax has accrued with respect to the transactions, events, or facts contained in the request. Although the Department may issue a private taxpayer ruling that addresses a taxpayer's ongoing business activities, the ruling applies only to transactions that occur or tax liabilities that accrue from and after the date the taxpayer receives the ruling. The audit process will normally resolve issues relating to transactions that a taxpayer has already reported. The Department will issue a private taxpayer ruling for prospective transactions that may occur, but the Department will not issue a private taxpayer ruling to an anonymous taxpayer or for abstract hypothetical
situations.

PROCEDURE FOR REQUESTING A PRIVATE TAXPAYER RULING:

The Department requires that a request for a private taxpayer ruling be submitted in hard copy (i.e., paper) format. Nevertheless, to assist the Department’s efforts to issue responses in an efficient and expeditious manner, taxpayers or taxpayer representatives are encouraged to also submit requests and subsequent related correspondence in electronic format. The Department prefers that the request be sent in a rich text format (RTF) or Microsoft Word (.doc) file; supplemental documents such as contracts, deeds, diagrams, and photographs may be submitted in alternate formats such as Adobe Portable Document Format (PDF) or JPEG.

A request for a private taxpayer ruling must include the following information:

1. The taxpayer’s name and taxpayer identification number with the signature of the taxpayer or the taxpayer's authorized representative. A request submitted by a taxpayer's representative also must include proof that the representative is an authorized agent of the taxpayer and include an individual identification number unique to the representative. When using the General Disclosure/ Representation Authorization Form (Arizona Form 285), an original or photocopied hard copy signed by the taxpayer must be submitted. No faxed or electronically signed authorization will be accepted in lieu of the hard copy.

To constitute adequate proof that a taxpayer's representative is an authorized agent of the taxpayer, the representative must demonstrate the authority to bind the taxpayer. Examples of such proof include the designation (e.g., on an Arizona Form 285) of the representative as an authorized agent by a principal officer or member of the taxpayer or a resolution of the managers or similar governing body. The taxpayer must similarly authorize any additional persons with whom the Department may discuss issues or convey information relating to a private taxpayer ruling request.

In Section 2 ("APPOINTEE INFORMATION") of Arizona Form 285, or within any alternate document evidencing proof of authorization, the taxpayer's representative must provide one of four types of identification numbers: a state bar number, a Certified Public Accountant number, an Internal Revenue Service Enrolled Agent number, or a Social Security or “other identification number.” As stated above, for any one of these categories, the identification number provided must be unique to the individual taxpayer’s representative. An example of an "other identification numbers" is a Social Insurance Number
held by a Canadian appointee or a unique identification number that the
representative may request from the Department’s Taxpayer Information and
Assistance Section.

For additional information regarding what individuals can serve as authorized
taxpayer's representatives in submitting private taxpayer ruling requests to
the Department, refer to the "WHO CAN REQUEST A PRIVATE TAXPAYER
RULING ON BEHALF OF A TAXPAYER" subsection below.

2. A detailed description of the transaction, including the identification of all
interested parties and a complete statement of facts relating to the
transaction or series of transactions at issue in the private taxpayer ruling
request.

3. True and legible copies of all contracts, wills, deeds, agreements, and other
documents pertinent to the transaction. Taxpayers should not submit original
documents because they become part of the Department's files and will not
be returned.

4. An analysis of the material facts included in the documents and their bearing
on the issue or issues included in the request.

5. A statement regarding whether the issue or related issues of the private
taxpayer ruling request are subject to an existing audit, protest, appeal or
litigation concerning the taxpayer in any jurisdiction, and if the taxpayer is
submitting the request in the course of pursuing or entering into a voluntary
disclosure agreement with the Department.

6. A statement regarding whether a request for a ruling on the identical issue or
issues has been or will be submitted to another taxing authority within or
outside of Arizona for a ruling.

7. If the taxpayer advocates a particular conclusion, an explanation of the
grounds for the conclusion and the relevant legal authorities in support of the
conclusion. Relevant legal authorities may be controlling (e.g., Arizona and
federal statutes and administrative regulations, Arizona and federal Ninth
Circuit case law) or persuasive (e.g., treatises, statutes and regulations from
other states), but should not be cited to if they have been reversed, repealed,
overruled, or restricted, unless the taxpayer informs the Department of such
limitations.
The Department realizes that some taxpayers may not have sufficient access
to legal research references and tools to allow them to provide
comprehensive support for conclusions. The Tax Research and Analysis
Section reviews all requests for private taxpayer rulings on a case-by-case
basis, and taxpayers should explain their particular circumstances in their
requests if they are unable to provide relevant legal authorities.

8. If the taxpayer advocates a particular conclusion, the request must include a
statement of controlling (i.e., Arizona) legal authorities contrary to the
taxpayer’s views. If the taxpayer determines that there are no authorities
contrary to his or her views or is unable to locate such authorities, the request
must contain a statement to that effect.

9. A statement of proposed deletions that assists the Department in deleting
private and confidential information from a ruling before it is available for
public inspection. The taxpayer should submit the statement of proposed
deletions in a separate document that accompanies the request for a private
taxpayer ruling.

In the statement of proposed deletions, the requesting taxpayer must either
propose specific deletions or state that no information other than names,
addresses, and taxpayer identification numbers need be deleted. The
Department encourages taxpayers to submit proposed deletions by indicating
them with brackets or strikethroughs on a copy of the request for a private
taxpayer ruling and supporting documents.

Confidentiality

While the text of private taxpayer rulings, as issued to the taxpayer, will include the name
and address of the person requesting the ruling, the Department redacts certain identifying
information from the versions of these private taxpayer rulings that become open to public
inspection under A.R.S. § 42-2101(I) (see Appendix A of this procedure for the full text of
A.R.S. § 42-2101). The Department performs such deletions to protect the confidentiality
of the taxpayer and other parties to the transaction and to satisfy the confidentiality
requirements of A.R.S. Title 42, Chapter 2, Article 1. All private taxpayer rulings, however,
include relevant facts provided by the taxpayer in the request for a private taxpayer ruling.

The Department will rely on the statement of proposed deletions provided by the taxpayer
to fulfill its obligations to protect the taxpayer’s confidentiality under A.R.S. Title 42,
Chapter 2, Article 1.

A taxpayer may notify the Department that it waives its confidentiality rights under A.R.S.
Title 42, Chapter 2, Article 1. The taxpayer must submit such notification in writing and must delineate whether all rights are waived or if specific confidentiality rights are waived.

When the Department issues a private taxpayer ruling, a redacted copy of the ruling will be provided to the taxpayer. The copy will indicate which deletions will be made in the version of the ruling that is made available for public inspection. If the taxpayer wants additional material to be deleted from the text of the ruling before it is made available to the public, the taxpayer must submit the additional proposed deletions within 20 days of the date the ruling was issued, to provide the Department with sufficient time to review and approve additional deletions as needed.

Who Can Request a Private Taxpayer Ruling on Behalf of a Taxpayer

In addition to the requirements for a private taxpayer ruling request explained above, there are certain limitations on who can submit a private taxpayer ruling request on behalf of a taxpayer. In April 2005, the State Bar of Arizona issued an Unauthorized Practice of Law Advisory Opinion (UPL 05-01) (see Appendix C of this procedure for the full text of UPL 05-01), which concluded that "[t]he preparation of a request to the Arizona Department of Revenue for a private taxpayer ruling or an information letter on behalf of another person clearly constitutes the practice of law, as defined in Arizona Supreme Court Rule 31(a)2.A" (see Appendix B of this procedure for the full text of Ariz. S. Ct. Rule 31). Nevertheless, UPL 05-01 explains that Ariz. S. Ct. Rule 31(d)(13) * provides specific exemptions to "certified public accountants and other federally authorized tax practitioners to represent a taxpayer before . . . [ADOR]."

In UPL 05-01, the State Bar cited to Treasury Department Circular No. 230 Rev., Part 10 – Practice before the Internal Revenue Service, to define what persons constitute federally authorized tax practitioners:

a. Attorneys who are members in good standing of the bar of the highest court of any State, territory, or possession of the United States, including a Commonwealth, or the District of Columbia, and who are not currently under suspension or disbarment from practice before the Internal Revenue Service; and

b. Certified public accountants who are duly qualified to practice as a certified public accountant in any State, territory, or possession of the United States, including a Commonwealth, or the District of Columbia, and who are not currently under suspension or disbarment from practice before the Internal Revenue Service; and

* Effective December 1, 2005, subsection (c) of Arizona Supreme Court Rule 31 as referenced in UPL 05-01 has been renumbered as subsection (d).
242  c. Enrolled agents who have qualified to practice before the Internal Revenue
243  Service ("IRS") in compliance with the requirements of Circular 230 and who
244  are not currently under suspension or disbarment from practice before the
245  Internal Revenue Service.
246
247  In addition to these three categories of qualified requesters, Ariz. S. Ct. Rule 31(d)(13)
248  provides an additional exemption that allows any taxpayer to be represented by:
249
250  d. Federally authorized tax practitioners, as defined in A.R.S. § 42-2069(D)(1).
251
252  Ariz. S. Ct. Rule 31(d)(13) also allows a legal entity, including a government entity, to be
253  represented by:
254
255  e. A full-time officer, partner, member or manager of a limited liability company,
256  or employee, provided that: the legal entity has specifically authorized such
257  person to represent it in the particular matter; such representation is not the
258  person's primary duty to the legal entity, but secondary or incidental to other
259  duties relating to the management or operation of the legal entity; and the
260  person is not receiving separate or additional compensation (other than
261  reimbursement for costs) for such representation.
262
263  Based on the above interpretations of applicable law, the Department allows
264  representatives who fall into any one of the five categories of persons enumerated in this
265  section to submit a request for a private taxpayer ruling on behalf of a taxpayer.

271  Arizona Department of Revenue
272  Tax Research & Analysis
273  1600 West Monroe, Rm. 810

275
276  Please include copies of the request and accompanying documents in electronic format
277  whenever practicable in addition to hard copies. Electronic copies should be stored on
278  recordable CD (CD-R) or rewritable CD (CD-RW) optical storage media, or on 3½-inch,
279  PC-formatted floppy diskettes.
280
281  As an alternative to sending electronic documents by mail on recordable media, a taxpayer
282  may choose to submit electronic copies by email to the appropriate Tax Research and
Analysis Section analyst after the analyst has received the hard copy of the request. The
Department takes reasonable steps such as maintaining secure servers to ensure that the
taxpayer’s communications will reach the intended recipient and will be kept confidential.
Nevertheless, the Department cannot guarantee unauthorized interception or misuse of
electronic communications and shall not be held responsible in the event of such
unauthorized use.

Regardless of the method by which the Department receives electronic documents, a
taxpayer or taxpayer representative must send hard copies of all documents requiring
signature by mail.

The Department will acknowledge receipt of all requests for private taxpayer rulings. If a
request does not comply with the requirements of A.R.S. § 42-2101 and this procedure,
the Department will inform the taxpayer or the taxpayer’s representative in writing of which
additional requirements must be met.

A taxpayer may obtain information regarding the status of the taxpayer's private taxpayer
ruling request by contacting the analyst whose name and telephone number are shown on
the letter acknowledging receipt of the request for the private taxpayer ruling.

The Department will attempt to issue private taxpayer rulings within 45 days after receiving
the written request and on receiving the facts that are relevant to the ruling. Although a
taxpayer who needs a request processed in an expeditious manner may request special
handling in a ruling request by explaining the need for the special handling and the time
frame in which it would like a private taxpayer ruling to be issued, the Department cannot
guarantee that a private taxpayer ruling can be processed by the time requested.
Accordingly, taxpayers are encouraged to submit their requests well in advance of
prospective transactions at issue in their requests.

WITHDRAWAL OF PRIVATE TAXPAYER RULING REQUEST:

A taxpayer may withdraw a request for a private taxpayer ruling within 2 weeks of the date
of the letter acknowledging receipt of the request. To expedite the initial private taxpayer
ruling request, the taxpayer may include a waiver of the option to withdraw in the request.
If a request is withdrawn, all correspondence and exhibits will be retained by the
Department.

CONFERENCES:

Conferences may be held at the Department’s discretion to discuss the issues involved in a
request for a private taxpayer ruling. The taxpayer or the taxpayer’s representative may
request a conference with the Department either verbally or in writing.
AREAS IN WHICH THE DEPARTMENT WILL NOT ISSUE PRIVATE TAXPAYER RULINGS:

There are certain subject areas in which the Department ordinarily will not issue private taxpayer rulings. Additionally, the Department may decline to issue a ruling because of the factual nature of the problem involved or for other reasons. When the Department declines to issue a ruling, it will issue an information letter or statement of general guidance to the taxpayer. (For additional information on information letters and statements of general guidance, see Arizona General Tax Ruling GTR 07-__).

Generally, the Department will not issue a private taxpayer ruling if:

1. The request is missing the taxpayer's name or taxpayer identification number.
2. The question involves an issue that is the subject of an existing audit, appeal, protest, or refund claim with respect to the taxpayer requesting the ruling. The Department will not decline to issue a ruling if the taxpayer submitted the request in the course of pursuing or entering into a voluntary disclosure agreement.
3. The question involves an issue which is currently being litigated in court or is on appeal.
4. The request involves an area in which the IRS has announced that it will not issue advance rulings. This includes a request that involves alternative plans of proposed transactions or hypothetical situations.
5. The person requesting the private taxpayer ruling is a professional preparer or representative acting on behalf of a taxpayer and has not provided an individual identification number for the preparer or representative or proof that the person is an authorized agent of the taxpayer (see "PROCEDURE FOR REQUESTING A PRIVATE TAXPAYER RULING" section above).
6. The person requesting the private taxpayer ruling is a professional preparer or representative acting on behalf of a taxpayer and has not provided any legal analysis or conclusion with the request.
7. The person requesting the private taxpayer ruling is a professional preparer or representative acting on behalf of a taxpayer and has failed to provide any of the following:

(a) a statement of authorities contrary to the taxpayer’s views;

(b) a statement that no legal authorities exist that are contrary to the taxpayer’s views; or

(c) a statement that the professional preparer or representative is unable to locate such authority.

8. The issue concerns an area where state treatment relies on the federal law. In such a case, the federal authority is the appropriate governmental entity from which to request information.

9. The question involves a fact intensive issue, such as whether a unitary business exists, whether a taxable nexus exists, or the value of property on a certain date.

10. The private taxpayer ruling is requested by an industry, trade association, or similar group on behalf of its members.

The Department welcomes any request by an organization or an individual for a general ruling or procedure. See GTR 07-__ for more information regarding other documents issued by the Arizona Department of Revenue.

Explanatory Notice

The purpose of a tax procedure is to provide procedural guidance to the general public and to Department personnel. A tax procedure is a written statement issued by the Department to assist in the implementation of tax laws, administrative rules, and tax rulings by delineating procedures to be followed in order to achieve compliance with the law. Relevant statute, case law, or administrative rules, as well as a subsequent procedure, may modify or negate any or all of the provisions of any tax procedure. See GTP 96-1 for more detailed information regarding documents issued by the Department of Revenue.

C. With respect to the taxpayer or prospective taxpayer to whom the private taxpayer ruling was issued, the revocation or modification of a private taxpayer ruling shall not be applied retroactively to tax periods or tax years before the effective date of the revocation or modification and the department shall not assess any penalty or tax attributable to erroneous advice that it furnished to the taxpayer or potential taxpayer in the private taxpayer ruling if:
   1. The taxpayer reasonably relied on the private taxpayer ruling.
   2. The penalty or tax did not result either from a failure by the taxpayer to provide adequate or accurate information or from a change in the information.

D. A private taxpayer ruling may not be relied upon, cited nor introduced into evidence in any proceeding by a taxpayer other than the taxpayer who has received the private taxpayer ruling.

APPENDIX C TO ARIZONA GENERAL TAX PROCEDURE GTP 07-__ :
UPL 05-01

UPL ADVISORY OPINION

UPL 05-01
(April 2005)

Tax Payer Representative's Requests

This is an Advisory Opinion regarding Rule 31 of the Rules of the Supreme Court of Arizona regarding whether an attorney practicing outside the State of Arizona, who is not a licensed Arizona attorney, or CPA or IRS agent, is engaged in the unauthorized practice of law by submitting a request to the Arizona Department of Revenue for private tax payer ruling or information letter on behalf of an out-of-state client.

Issues:

Is (i) an attorney practicing outside the State of Arizona and not admitted to practice law in Arizona, (ii) a Certified Public Accountant, or (iii) an enrolled agent before the Internal Revenue Service, who submits a request to the Arizona Department of Revenue for a private taxpayer ruling or an information letter on behalf of an out-of-state client engaged in the unauthorized practice of law in Arizona? No, as long as the attorney, CPA, or enrolled agent is not suspended or disbarred from practicing before the United States Internal Revenue Service.

Facts:

The Arizona Department of Revenue (the "Department") may issue a private taxpayer ruling ("PTR") or an information letter ("IL"). A PTR interprets and applies Arizona tax laws to a particular set of facts set forth by the taxpayer requesting the ruling, and is issued only to that taxpayer with respect to a specific fact situation. An IL is a letter that responds to a written inquiry from a taxpayer, a taxpayer's representative, or a business, trade, or industrial association or similar group. An IL is issued if: (a) the inquiry indicates a need for general information that requires written assistance or advice on tax principles or applications; or (b) the inquiry does not meet the requirements for issuance of a PTR, but the Department determines that written assistance or advisement is appropriate.

A request for a PTR must include: the requesting taxpayer's identifying information; (b) the signature of the requesting taxpayer or the taxpayer's representative; (c) if the request is submitted by a representative, proof that the person is an authorized agent of the taxpayer; (d) a detailed description of the facts with respect to which the PTR is sought, including identification of all interested parties; (e) an analysis of the material facts included in any accompanying documents and their bearing on the issues raised in the request; and (f) if the taxpayer is advocating a particular conclusion, an explanation of the grounds for the conclusion.

Note: The Department provides unofficial copies of the statutory and administrative references herein for the convenience of the reader. The Department has endeavored to accurately reproduce the text using official sources that were current through the date it issued GTP 06-__. Nevertheless, the reader should obtain current and official versions of the documents to ascertain whether the language has been updated, amended, rescinded, or otherwise differs from the text provided in these appendices.
taxpayer's proposed conclusion and the relevant legal authorities in support of the conclusion. Given the nature of an IL, similar requirements are not imposed for the issuance of an IL.

Discussion:

Is (i) an attorney practicing outside the State of Arizona and not admitted to practice law in Arizona, (ii) a Certified Public Accountant, or (iii) an enrolled agent before the Internal Revenue Service, who submits a request to the Arizona Department of Revenue for a private taxpayer ruling or an information letter on behalf of an out-of-state client engaged in the unauthorized practice of law in Arizona? No, as long as the attorney, CPA, or enrolled agent is not suspended or disbarred from practicing before the United States Internal Revenue Service.

Any inquiry into what legal services may or may not be provided by a person not admitted to practice law in the State of Arizona must begin with reviewing the Arizona Supreme Court's 2003 definition of what is "the practice of law" as set forth in Arizona Supreme Court Rule 31(a)2.A. In brief, "practicing law" in Arizona includes preparing any document through any medium for filing before any administrative agency for a specific person or entity. Only members of the State Bar of Arizona and certain specific categories of non-lawyers are authorized by the Supreme Court to practice law in Arizona.

The preparation of a request to the Arizona Department of Revenue for a private taxpayer ruling or an information letter on behalf of another person clearly constitutes the practice of law, as defined in Arizona Supreme Court Rule 31(a)2.A. However, 26 exemptions from the general restriction of the right to practice law in the State of Arizona to members of the State Bar of Arizona are set forth in Arizona Supreme Court Rule 31(c), including an exemption in paragraph 13 of Rule 31(c) for certified public accountants and other federally authorized tax practitioners to represent a taxpayer before, amongst others, the Arizona Department of Revenue.

Federally authorized tax practitioners are defined in Treasury Department Circular No. 230 Rev., Part 10 – Practice before the Internal Revenue Service, which is promulgated pursuant to the authority granted to the United States Secretary of the Treasury by section 330 of Title 31 of the United States Code, to include:

(a) attorneys who are members in good standing of the bar of the highest court of any State, territory, or possession of the United States, including a Commonwealth, or the District of Columbia, and who are not currently under suspension or disbarment from practice before the Internal Revenue Service;

(b) certified public accountants who are duly qualified to practice as a certified public accountant in any State, territory, or possession of the United States, including a Commonwealth, or the District of Columbia, and who are not currently under suspension or disbarment from practice before the Internal Revenue Service; and

(c) enrolled agents who have qualified to practice before the Internal Revenue Service in compliance with the requirements of Circular 230 and who are not currently
