(TEXT OF BILL BEGINS ON NEXT PAGE)
Be it enacted by the Legislature of the State of Arizona:

Section 1. Section 20-224.03, Arizona Revised Statutes, as amended by Laws 2012, chapter 3, section 3, is amended to read:

20-224.03. Premium tax credit for new employment

A. For taxable years beginning from and after June 30, 2011 through December 31, 2019, a credit is allowed against the premium tax liability imposed pursuant to section 20-224, 20-837, 20-1010, 20-1060 or 20-1097.07 for net increases in full-time employees residing in this state and hired in qualified employment positions in this state as computed and certified by the Arizona commerce authority pursuant to section 41-1525. A tax credit is not allowed against the portion of the tax payable to the fire fighters' relief and pension fund pursuant to section 20-224 or the portion of the tax payable to the public safety personnel retirement system pursuant to section 20-224.01.

B. Subject to subsection E-F of this section, the amount of the tax credit is equal to:

1. Three thousand dollars for each full-time employee hired in a qualified employment position in the first year or partial year of employment, but not more than four hundred employees in any taxable year. Employees hired in the last ninety days of the taxable year are excluded for that taxable year and are considered to be new employees in the following taxable year.

2. Three thousand dollars for each full-time employee in a qualified employment position for the full taxable year in the second year of continuous employment.

3. Three thousand dollars for each full-time employee in a qualified employment position for the full taxable year in the third year of continuous employment.

C. The capital investment and the new qualified employment positions requirements of section 41-1525, subsection B must be accomplished within twelve months after the start of the required capital investment. No credit may be claimed until both requirements are met. A business that meets the requirements of section 41-1525, subsection B for a location is eligible to claim first year credits for three years beginning with the taxable year in which those requirements are completed. Employees hired at the location before the beginning of the taxable year but during the twelve-month period allowed in this subsection are considered to be new employees for the taxable year in which all of those requirements are completed. The employees that are considered to be new employees for the taxable year under this subsection shall not be included in the average number of full-time employees during the immediately preceding taxable year until the taxable year in which all of the requirements of section 41-1525, subsection B are completed. An employee working at a temporary work site in this state while the designated location is under construction is considered to be working at the designated location if all of the following occur:
1. THE EMPLOYEE IS HIRED AFTER THE START OF THE REQUIRED INVESTMENT AT
   THE DESIGNATED LOCATION.
2. THE EMPLOYEE IS HIRED TO WORK AT THE DESIGNATED LOCATION AFTER IT
   IS COMPLETED.
3. THE PAYROLL FOR THE EMPLOYEES DESTINED FOR THE DESIGNATED LOCATION
   IS SEGREGATED FROM OTHER EMPLOYEES.
4. THE EMPLOYEE IS MOVED TO THE DESIGNATED LOCATION WITHIN THIRTY DAYS
   AFTER ITS COMPLETION.

D. To qualify for a credit under this section, the insurer and the
   employment positions must meet the requirements prescribed by section
   41-1525.

E. A credit is allowed for employment in the second and third year
   only for qualified employment positions for which a credit was claimed and
   allowed in the first year.

F. The net increase in the number of qualified employment
   positions created at the business location DESIGNATED LOCATION OR LOCATIONS
   during the taxable year or the difference between the average number of
   full-time employees in this state in the current taxable year and the average
   number of full-time employees in this state during the immediately preceding
   taxable year. The net increase in the number of qualified employment
   positions computed under this subsection may not exceed either four hundred
   qualified employment positions per taxpayer each year or the difference
   between the average number of full-time employees in this state in the
   current taxable year and the average number of full-time employees in this
   state during the immediately preceding taxable year.

G. A taxpayer who claims a credit under section 20-224.04 shall
   not claim a credit under this section with respect to the same employment
   positions.

H. If the allowable tax credit exceeds the state premium tax
   liability, the amount of the claim not used as an offset against the state
   premium tax liability may be carried forward as a tax credit against
   subsequent years' state premium tax liability for a period not exceeding five
   taxable years.

I. If the business is sold or changes ownership through
   reorganization, stock purchase or merger, the new taxpayer may claim first
   year credits only for the qualified employment positions that it created and
   filled with an eligible employee after the purchase or reorganization was
   complete. If a person purchases a taxpayer that had qualified for first or
   second year credits or if an insurance business changes ownership through
   reorganization, stock purchase or merger, the new taxpayer may claim the
   second or third year credits if it meets other eligibility requirements of
   this section. Credits for which a taxpayer qualified before the changes
   described in this subsection are terminated and lost at the time the changes
   are implemented.
I. An insurer that claims a tax credit against state premium tax liability is not required to pay any additional retaliatory tax imposed pursuant to section 20-230 as a result of claiming that tax credit.

J. A failure to timely report and certify to the Arizona commerce authority the information prescribed by section 41-1525, subsection D-E and in the manner prescribed by section 41-1525, subsection E-F disqualifies the insurer from the credit under this section. The department of insurance shall require written evidence of the timely report to the Arizona commerce authority.

K. A tax credit under this section is subject to recovery for a violation described in section 41-1525, subsection G-H.

L. The department may adopt rules necessary for the administration of this section.

Sec. 2. Section 41-1511, Arizona Revised Statutes, is amended to read:

(f) Consents to the adjustment or recapture of any amount of income tax credit or property tax incentive due to noncompliance with this section.

9. Letters of good standing from the department of revenue and the county treasurer of the county in which the project is located stating that the applicant is in good standing and is not delinquent in the payment of taxes.

C. To be eligible for the tax incentives, the applicant must make new capital investment in this state after September 30, 2009 in a manufacturing facility or headquarters facility or any combination of qualifying facilities, as follows:

1. The applicant may qualify for income tax credits pursuant to section 43-1083.01 or 43-1164.01, as applicable, if:

   (a) At least fifty-one per cent of the net new full-time employment positions at the renewable energy operation pay a wage that equals or exceeds one hundred twenty-five per cent of the median annual wage in this state, as determined by the most recent annual Arizona commerce authority occupational wage and employment estimates.

   (b) All net new full-time employment positions include health insurance coverage for the employees for which the applicant pays at least eighty per cent of the premium or membership cost.

2. The fixed capital assets shall be classified as class six for the purposes of property taxation pursuant to section 42-12006, paragraph 8 if the qualifying investment amounts to at least twenty-five million dollars, if the applicant pays at least eighty per cent of the health insurance costs or membership costs for all net new employees and if at least fifty-one per cent of the net new full-time employment positions at the qualifying renewable energy operation pay a wage that equals:

   (a) At least one hundred twenty-five, but less than two hundred, per cent of the median annual wage in this state, as determined by the most recent annual Arizona commerce authority occupational wage and employment estimates, the property may be classified as class six for ten tax years.

   (b) At least two hundred per cent of the median annual wage in this state, as determined by the most recent annual Arizona commerce authority
occupational wage and employment estimates, the property may be classified as
class six for fifteen tax years.

D. Final eligibility for the tax incentives is subject to any
additional requirements prescribed by sections 42-12006, 43-1083.01 and
43-1164.01, as applicable.

E. An applicant may separately apply and qualify with respect to
investments for:
1. Renewable energy operations in separate locations.
2. Separate expansions of a renewable energy operation.

F. To determine the amount of income tax credit to be preapproved to a
qualifying applicant, the authority shall use one of the following
computations:
1. Ten per cent of the amount the applicant has projected in total
qualifying investment in renewable energy operations meeting the following
minimum employment requirements:
   (a) For renewable energy manufacturing operations, at least one and
   one-half new full-time employment positions projected by the applicant for
   each five hundred thousand dollar increment of capital investment.
   (b) For renewable energy business headquarters, at least one new
   full-time employment position projected by the applicant for each two hundred
   thousand dollar increment of capital investment.
2. For other qualifying renewable energy investment, ten per cent of
the amount computed as follows:
   (a) Five hundred thousand dollars for each one and one-half new
   full-time employment positions projected by the applicant in new renewable
   energy manufacturing operations.
   (b) Two hundred thousand dollars for each new full-time employment
   position projected by the applicant at a new renewable energy business
   headquarters.

G. Beginning with income tax credits allocated for 2010, an approved
income tax credit:
1. Must be claimed on a timely filed original income tax return,
including extensions.
2. Must be claimed in five equal installments as provided in section
43-1083.01 or 43-1164.01.

H. The authority shall establish a process for qualifying and
preapproving applicants for the tax incentives. The authority shall not
preapprove an applicant as qualifying for tax incentives under this section
after December 31, 2014 2019. Preapproval is based on:
1. Priority placement established by the date that the applicant files
its initial application with the department AUTHORITY.
2. The availability of income tax credit capacity under the dollar
limit prescribed by subsection J of this section.
I. Within thirty days after receiving a complete and correct
application, the authority shall review the application to determine whether
the applicant satisfies all of the criteria prescribed by this section and
either preapprove the project as qualifying for the purposes of the tax incentives or provide reasons for its denial. The authority shall send copies of the preapproval to the department of revenue and the applicable county assessor.

J. The authority shall not preapprove income tax credits exceeding UNDER THIS SECTION AND SECTION 41-1512 THAT COMBINED WOULD EXCEED seventy million dollars in any calendar year, except as provided by this subsection and subsection K of this section. THE AUTHORITY SHALL NOT PREAPPROVE INCOME TAX CREDITS UNDER THIS SECTION FOR ANY ONE TAXPAYER IN EXCESS OF THIRTY MILLION DOLLARS IN ANY CALENDAR YEAR. A preapproved amount applies against the dollar limit for the year in which the application was submitted regardless of whether the initial preapproval period extends into the following year or years. If, at the end of any year, an unused balance occurs under the dollar limit prescribed by this subsection:

1. The balance shall be allocated to renewable energy businesses that successfully appeal the denial of approval under this section OR SECTION 41-1512. Any amount of income tax credits due to successful appeals that are not paid from an unused balance at the end of any year shall be paid against the dollar limit in the following year.

2. Any remaining unused balance ACCRUING THROUGH DECEMBER 31, 2011 shall be reallocated for the purposes of this section AND SECTION 41-1512 in the following year.

3. ANY REMAINING UNUSED BALANCE ACCRUING IN 2012 AND THEREAFTER LAPSES AND SHALL NOT BE REALLOCATED IN THE FOLLOWING YEAR.

K. The authority shall reallocate the amount of income tax credits that are voluntarily relinquished under subsection L of this section, that lapse under subsection M of this section or that lapse under subsection P of this section. The reallocation shall be to other renewable energy businesses that applied UNDER THIS SECTION OR SECTION 41-1512 in the original credit year based on priority placement. Once reallocated, the amount of the credit applies against the dollar limit of the original credit year regardless of the year in which the reallocation occurs.

L. A taxpayer may voluntarily relinquish unused credit amounts.

M. Preapproval under this section lapses, the application is void and the amount of the preapproved income tax credits does not apply against the dollar limit prescribed by subsection J of this section if, within twelve months after preapproval, the renewable energy business fails to provide to the authority documentation of its expenditure of two hundred fifty thousand dollars in qualifying investment or, if the period over which the qualifying investment will be made exceeds twelve months, documentation of additional expenditures as required in this subsection for each twelve month period.

N. Beginning in 2010, after October 31 of each year, if the authority has preapproved the maximum calendar year income tax credit amount pursuant to subsection J of this section, the authority may accept initial applications for the next calendar year, but the preapproval of any
application pursuant to this subsection shall not be effective before the
first business day of the following calendar year.

O. Before an applicant applies for postapproval under subsection P of
this section, the applicant must enter into a written managed review
agreement with the chief executive officer of the authority that establishes
the requirements of a managed review to be conducted under this subsection at
the applicant's expense. The managed review must be conducted by a certified
public accountant who is selected by the applicant, who is licensed in this
state and who is approved by the chief executive officer. The certified
public accountant and the firm the certified public accountant is affiliated
with shall not regularly perform services for the applicant or its
affiliates. The managed review shall include an analysis of the applicant's
invoices, checks, accounting records and other documents and information to
verify its base investment and other requirements prescribed by section
42-12006, 43-1083.01 or 43-1164.01 to confirm the amount of credit or
property tax incentive. The certified public accountant shall furnish
written findings of the managed review to the chief executive officer. The
chief executive officer shall review the findings and may examine records and
perform other reviews that the chief executive officer considers necessary to
verify that the managed review substantially conforms to the terms of the
managed review agreement. The chief executive officer shall accept or reject
the findings of the managed review. If the chief executive officer rejects
all or part of the managed review, the chief executive officer shall provide
written reasons for the rejection.

P. When the renewable energy operation begins operations, a renewable
energy business that was preapproved for income tax credits under this
section shall apply to the authority in writing for postapproval of the
credits and submit documentation certifying the total amount and dates of the
qualifying investments and identifying the fixed capital assets associated
with the renewable energy operation incurred from and after September 30,
2009 through the date of application for postapproval. From and after
December 31, 2009, the authority shall provide postapproval to a renewable
energy business that it has met the eligibility requirements of this section
and shall notify the department of revenue that the renewable energy business
may claim the tax credits pursuant to section 43-1083.01 or 43-1164.01. If
the amount of qualifying investment actually spent is less than the amount
preapproved for income tax credits, the preapproved amount not incurred
lapses and does not apply against the dollar limit prescribed by subsection J
of this section for that year. The authority shall not allow a credit under
section 43-1083.01 or 43-1164.01 that exceeds the amount of the postapproval
for the project under this subsection. For the purposes of this subsection,
"begins operations" means:

1. A headquarters facility opens for public business.
2. A manufacturing facility begins producing commercial quantities of
usable products.
Q. The authority may rescind the business' postapproval if the business no longer meets the terms and conditions required for qualifying for the tax incentives. The authority may give special consideration, or allow temporary exemption from recapture of tax benefits, in the case of extraordinary hardship due to factors beyond the control of the qualifying business.

R. If the authority rescinds an applicant's preapproval or postapproval under subsection Q of this section, it shall notify the department of revenue and the county assessor of the action and the conditions of noncompliance. If the department of revenue obtains information indicating a possible failure to qualify and comply, it shall provide that information to the authority. The department of revenue may require the business to file appropriate amended tax returns reflecting any recapture of income tax credits under section 43-1083.01 or 43-1164.01.

S. Preapproval and postapproval of a business for the purposes of tax incentives under this section do not constitute or imply compliance with any other provision of law or any regulatory rule, order, procedure, permit or other measure required by law. To maintain qualification for tax incentives under this section, a business must separately comply with all environmental, employment and other regulatory measures.

T. For five years after postapproval for tax incentives under this section, in any action involving the liquidation of the business assets or relocation out of state, this state claims the position of a secured creditor of the business in the amount of income tax credits and property tax incentives the business received pursuant to section 42-12006, 43-1083.01 or 43-1164.01.

U. Any information gathered from a renewable energy business for the purposes of this section is considered to be confidential taxpayer information and shall be disclosed only as provided in section 42-2003, subsection B, paragraph 12, except that the authority shall publish the following information in its annual report:
   1. The name of each renewable energy business and the amount of income tax credits preapproved for each qualifying investment.
   2. The amount of credits postapproved with respect to each qualifying investment.

V. The authority shall:
   1. Keep annual records of the information provided on applications for renewable energy businesses. These records shall reflect a percentage comparison of the annual amount of monies exempted or credited to qualifying renewable energy businesses to the estimated amount of monies spent in this state in the form of qualifying investments.
   2. Maintain annual data on growth in this state of renewable energy businesses and industry employment and wages.
   3. Not later than April 30 of each year, prepare and publish a report summarizing the information collected pursuant to this subsection. The
authority shall make copies of the annual report available to the public on
request.

W. The authority shall adopt rules and prescribe forms and procedures
as necessary for the purposes of this section. The authority and the
department of revenue shall collaborate in adopting rules as necessary to
avoid duplication and inconsistencies while accomplishing the intent and
purposes of this section.

improve property that is used in operating a business, including land,
buildings, machinery and fixtures.

2. "Headquarters" means a principal central administrative office
where primary headquarters related functions and services are performed,

machinery and fixtures for expansion of an existing renewable energy
operation or establishment of a new renewable energy operation in this state
after September 30, 2009. Qualifying investment does not include relocating
an existing renewable energy operation in this state to another location in
this state without additional capital investment of at least two hundred
fifty thousand dollars.

6. "Qualifying renewable energy operation" means the facility where a
qualifying investment was made.

7. "Renewable energy" means usable energy, including electricity,

sunlight, water, wind, geothermal, heat, biomass, biogas, landfill gas or
other nonfossil renewable resource.

business of renewable energy manufacturing operations or renewable energy
headquarters operations.

9. "Renewable energy operations" are limited to manufacturers of, and
headquarters for, systems and components that are used or useful in
manufacturing renewable energy equipment for the generation, storage, testing
and research and development, transmission or distribution of electricity
from renewable resources, including specialized crates necessary to package
the renewable energy equipment manufactured at the qualifying renewable
energy operation.
10. "Renewable energy resource" means a resource that is replaced by
natural and assisted processes at a rate that is comparable to or faster than
the rate of natural depletion and consumption by humans.

Sec. 3. Title 41, chapter 10, article 1, Arizona Revised Statutes, is
amended by adding section 41-1512, to read:

(f) Consents to the adjustment or recapture of any amount of income tax credit due to noncompliance with this section.

9. Letters of good standing from the Department of Revenue stating that the applicant is not delinquent in the payment of taxes.

E. An applicant may separately apply and qualify with respect to investments for separate expansions of a qualified facility.

F. The amount of the income tax credit to be preapproved by the Authority to a qualifying applicant is ten per cent of the lesser of:

1. The amount the applicant has projected in total qualifying investment in the qualified facility.

2. Two hundred thousand dollars for each net new full-time employment position projected by the applicant at a qualified facility.

G. Beginning with income tax credits allocated for 2013, an approved credit:

1. Must be claimed on a timely filed original income tax return, including extensions.

2. Must be claimed in five equal installments as provided by Section 43-1083.03 or 43-1164.04.

H. The Authority shall establish a process for qualifying and preapproving applicants for the income tax credits. The Authority shall not preapprove applicants as qualifying for credits under this section after December 31, 2019. Preapproval is based on:

1. Priority placement established by the date that the applicant files its initial application with the Authority.
2. THE AVAILABILITY OF INCOME TAX CREDIT CAPACITY UNDER THE DOLLAR LIMIT PRESCRIBED BY SECTION 41-1511, SUBSECTION J.

I. WITHIN THIRTY DAYS AFTER RECEIVING A COMPLETE AND CORRECT APPLICATION, THE AUTHORITY SHALL REVIEW THE APPLICATION TO DETERMINE WHETHER THE APPLICANT SATISFIES ALL OF THE CRITERIA PRESCRIBED BY THIS SECTION AND EITHER PREAPPROVE THE PROJECT AS QUALIFYING FOR THE PURPOSES OF AN INCOME TAX CREDIT OR PROVIDE REASONS FOR ITS DENIAL. THE AUTHORITY SHALL SEND COPIES OF EACH PREAPPROVAL TO THE DEPARTMENT OF REVENUE.

J. THE AUTHORITY SHALL NOT PREAPPROVE INCOME TAX CREDITS UNDER THIS SECTION AND SECTION 41-1511 THAT COMBINED WOULD EXCEED THE LIMITS PRESCRIBED BY SECTION 41-1511, SUBSECTION J. A PREAPPROVED AMOUNT APPLIES AGAINST THE DOLLAR LIMIT FOR THE YEAR IN WHICH THE APPLICATION WAS SUBMITTED REGARDLESS OF WHETHER THE INITIAL PREAPPROVAL PERIOD EXTENDS INTO THE FOLLOWING YEAR OR YEARS. A BUSINESS SHALL NOT BE PREAPPROVED FOR CREDITS UNDER BOTH THIS SECTION AND SECTION 41-1511 FOR THE SAME CAPITAL INVESTMENT. THE AUTHORITY SHALL NOT PREAPPROVE INCOME TAX CREDITS UNDER THIS SECTION FOR ANY TAXPAYER IN EXCESS OF THIRTY MILLION DOLLARS IN ANY CALENDAR YEAR.

K. THE AUTHORITY SHALL REALLOCATE THE AMOUNT OF INCOME TAX CREDITS THAT ARE VOLUNTARILY RELINQUISHED UNDER SUBSECTION L OF THIS SECTION, THAT LAPSE UNDER SUBSECTION M OF THIS SECTION OR THAT LAPSE UNDER SUBSECTION P OF THIS SECTION. THE REALLOCATION SHALL BE TO OTHER BUSINESSES THAT APPLIED UNDER THIS SECTION OR SECTION 41-1511 IN THE ORIGINAL CREDIT YEAR BASED ON PRIORITY PLACEMENT. ONCE REALLOCATED, THE AMOUNT OF THE CREDIT APPLIES AGAINST THE DOLLAR LIMIT OF THE ORIGINAL CREDIT YEAR REGARDLESS OF THE YEAR IN WHICH THE REALLOCATION OCCURS.

L. A TAXPAYER MAY VOLUNTARILY RELINQUISH UNUSED CREDIT AMOUNTS IN WRITING TO THE AUTHORITY.

M. PREAPPROVAL UNDER THIS SECTION LAPSES, THE APPLICATION IS VOID AND THE AMOUNT OF THE PREAPPROVED INCOME TAX CREDITS DOES NOT APPLY AGAINST THE DOLLAR LIMIT PRESCRIBED BY SECTION 41-1511, SUBSECTION J IF, WITHIN TWELVE MONTHS AFTER PREAPPROVAL, THE BUSINESS FAILS TO PROVIDE TO THE AUTHORITY DOCUMENTATION OF ITS EXPENDITURE OF TWO HUNDRED FIFTY THOUSAND DOLLARS IN QUALIFYING INVESTMENT OR, IF THE PERIOD OVER WHICH THE QUALIFYING INVESTMENT WILL BE MADE EXCEEDS TWELVE MONTHS, DOCUMENTATION OF ADDITIONAL EXPENDITURES AS REQUIRED IN THIS SUBSECTION FOR EACH TWELVE-MONTH PERIOD.

N. B. The amount of the credit is computed as follows:
   1. Ten per cent of the lesser of:
      (a) The taxpayer's total capital investment in the qualified facility.
      (b) Two hundred thousand dollars for each net new full-time employment position at the qualified facility.
   2. The amount of the credit shall not exceed the postapproval amount determined by the Arizona Commerce Authority under Section 41-1512, subsection P.

   2. Receive preapproval and postapproval from the Arizona Commerce Authority pursuant to Section 41-1512.
   3. Submit to the department a copy of a current and valid certification of qualification issued to the taxpayer by the Arizona Commerce Authority.

D. An employee who is hired during the last ninety days of the taxable year shall be considered a new employee during the next taxable year. To be counted for the purposes of the credit during the first taxable year of employment, the employee must not have been previously employed by the taxpayer within twelve months before the current date of hire. The terms of employment must comply in all cases with the requirements of Section 41-1512 and be certified by the Arizona Commerce Authority.

F. If the allowable tax credit for a taxable year exceeds the income taxes otherwise due on the claimant’s income, or if there are no state income taxes due on the claimant’s income, the amount of the claim not used as an offset against income taxes shall be paid to the taxpayer in the same manner as a refund under section 42-1118. Refunds made pursuant to this subsection are subject to setoff under section 42-1122. If the department determines that a refund is incorrect or invalid, the excess refund may be treated as a tax deficiency pursuant to section 42-1108.

On a determination that the taxpayer has committed fraud or relocated outside of this state within five taxable years after first receiving a credit pursuant to this section, the credits allowed the taxpayer in all taxable years pursuant to this section are subject to recapture pursuant to this subsection. This subsection applies only in the case of the termination or revocation of a certification of qualification under section 41-1512. This subsection does not apply if, in any taxable year, a taxpayer otherwise does not qualify for or fails to claim the credit under this section. The recapture of credits is computed by increasing the amount of taxes imposed in the year following the year of termination or revocation by the full amount of all credits previously allowed under this section.

H. A taxpayer who claims a credit under section 43-1074 or 43-1079 may not claim a credit under this section with respect to the same full-time employment positions.

I. The Department of Revenue shall adopt rules and prescribe forms and procedures as necessary for the purposes of this section. 43-1161. Credit for new employment
H.B. 2815

A. For taxable years beginning from and after June 30, 2011, a credit is allowed against the taxes imposed by this title for net increases in full-time employees residing in this state and hired in qualified employment positions in this state as computed and certified by the Arizona commerce authority pursuant to section 41-1525.

B. Subject to subsection F of this section, the amount of the credit is equal to:

1. Three thousand dollars for each full-time employee hired in a qualified employment position in the first year or partial year of employment, but not more than four hundred employees in any taxable year. Employees hired in the last ninety days of the taxable year are excluded for that taxable year and are considered to be new employees in the following taxable year.

2. Three thousand dollars for each full-time employee in a qualified employment position for the full taxable year in the second year of continuous employment.

3. Three thousand dollars for each full-time employee in a qualified employment position for the full taxable year in the third year of continuous employment.

C. The capital investment and the new qualified employment positions requirements of section 41-1525, subsection B must be accomplished within twelve months after the start of the required capital investment. No credit may be claimed until both requirements are met. A business that meets the requirements of section 41-1525, subsection B for a location is eligible to claim first year credits for three years beginning with the taxable year in which those requirements are completed. Employees hired at the location before the beginning of the taxable year but during the twelve-month period allowed in this subsection are considered to be new employees for the taxable year in which all of those requirements are completed. The employees that are considered to be new employees for the taxable year under this subsection shall not be included in the average number of full-time employees during the immediately preceding taxable year until the taxable year in which all of the requirements of section 41-1525, subsection B are completed. An employee working at a temporary work site in this state while the designated location is under construction is considered to be working at the designated location if all of the following occur:

1. The employee is hired after the start of the required investment at the designated location.

2. The employee is hired to work at the designated location after it is completed.

3. The payroll for the employees destined for the designated location is segregated from other employees.

4. The employee is moved to the designated location within thirty days after its completion.
D. To qualify for a credit under this section, the taxpayer and the employment positions must meet the requirements prescribed by section 41-1525.

E. A credit is allowed for employment in the second and third year only for qualified employment positions for which a credit was claimed and allowed in the first year.

F. The net increase in the number of qualified employment positions is the lesser of the total number of filled qualified employment positions created at the business DESIGNATED location OR LOCATIONS during the taxable year or the difference between the average number of full-time employees in this state in the current taxable year and the average number of full-time employees in this state during the immediately preceding taxable year. The net increase in the number of qualified employment positions computed under this subsection may not exceed either four hundred qualified employment positions per taxpayer each year or the difference between the average number of full-time employees in this state in the current taxable year and the average number of full-time employees in this state during the immediately preceding taxable year.

G. A taxpayer who claims a credit under section 43-1164.01, 43-1165 or 43-1167 shall not claim a credit under this section with respect to the same employment positions.

H. If the allowable tax credit exceeds the income taxes otherwise due on the claimant's income, or if there are no state income taxes due on the claimant's income, the amount of the claim not used as an offset against the income taxes may be carried forward as a tax credit against subsequent years' income tax liability for a period not exceeding five taxable years.

I. Co-owners of a business, including corporate partners in a partnership, may each claim only the pro rata share of the credit allowed under this section based on the ownership interest. The total of the credits allowed all such owners of the business may not exceed the amount that would have been allowed for a sole owner of the business.

J. If the business is sold or changes ownership through reorganization, stock purchase or merger, the new taxpayer may claim first year credits only for the qualified employment positions that it created and filled with an eligible employee after the purchase or reorganization was complete. If a person purchases a taxpayer that had qualified for first or second year credits or changes ownership through reorganization, stock purchase or merger, the new taxpayer may claim the second or third year credits if it meets other eligibility requirements of this section. Credits for which a taxpayer qualified before the changes described in this subsection are terminated and lost at the time the changes are implemented.

K. A failure to timely report and certify to the Arizona commerce authority the information prescribed by section 41-1525, subsection D- E, and in the manner prescribed by section 41-1525, subsection E- F disqualifies the taxpayer from the credit under this section. The department shall require written evidence of the timely report to the Arizona commerce authority.
A tax credit under this section is subject to recovery for a violation described in section 41-1525, subsection G-H.

Sec. 16. Section 43-1164.01, Arizona Revised Statutes, is amended to read:

Refunds made pursuant to this subsection are subject to setoff under section 42-1122. If the department determines that a refund is incorrect or invalid, the excess refund may be treated as a tax deficiency pursuant to section 42-1108.

This subsection applies only in the case of the termination or revocation of a certification of qualification under section 41-1511. This subsection does not apply if, in any taxable year, a taxpayer otherwise does not qualify for or fails to claim the credit under this section. The recapture of credits is computed by increasing the amount of taxes imposed in the year following the year of termination or revocation by the full amount of all credits previously allowed under this section.

H. A taxpayer who claims a credit under section 43-1161, 43-1165 or 43-1167 may not claim a credit under this section with respect to the same full-time employment positions.
