HOUSE BILL 2535

AN ACT

AMENDING SECTIONS 42-5075 AND 42-6004, ARIZONA REVISED STATUTES; RELATING TO PRIME CONTRACTING CLASSIFICATION.

(TEXT OF BILLbegins on next page)
Be it enacted by the Legislature of the State of Arizona:
Section 1. Section 42-5075, Arizona Revised Statutes, is amended to read:

42-5075. **Prime contracting classification; exemptions; definitions**

A. The prime contracting classification is comprised of the business of prime contracting and dealership of manufactured buildings. Sales for resale to another dealership of manufactured buildings are not subject to tax. Sales for resale do not include sales to a lessor of manufactured buildings. The sale of a used manufactured building is not taxable under this chapter. The proceeds from alteration and repairs to a used manufactured building are taxable under this section.

B. The tax base for the prime contracting classification is sixty-five per cent of the gross proceeds of sales or gross income derived from the business. The following amounts shall be deducted from the gross proceeds of sales or gross income before computing the tax base:

1. The sales price of land, which shall not exceed the fair market value.

2. Sales and installation of groundwater measuring devices required under section 45-604 and groundwater monitoring wells required by law, including monitoring wells installed for acquiring information for a permit required by law.

3. The sales price of furniture, furnishings, fixtures, appliances and attachments that are not incorporated as component parts of or attached to a manufactured building or the setup site. The sale of such items may be subject to the taxes imposed by article 1 of this chapter separately and distinctly from the sale of the manufactured building.

4. The gross proceeds of sales or gross income received from a contract entered into for the construction, alteration, repair, addition, subtraction, improvement, movement, wrecking or demolition of any building, highway, road, railroad, excavation, manufactured building or other structure, project, development or improvement located in a military reuse zone for providing aviation or aerospace services or for a manufacturer, assembler or fabricator of aviation or aerospace products within an active military reuse zone after the zone is initially established or renewed under section 41-1531. To be eligible to qualify for this deduction, before beginning work under the contract, the prime contractor must have applied for a letter of qualification from the department of revenue.

5. The gross proceeds of sales or gross income derived from a contract to construct a qualified environmental technology manufacturing, producing or processing facility, as described in section 41-1514.02, and from subsequent construction and installation contracts that begin within ten years after the start of initial construction. To qualify for this deduction, before beginning work under the contract, the prime contractor must obtain a letter of qualification from the department of revenue. This paragraph shall apply
for ten full consecutive calendar or fiscal years after the start of initial
construction.

6. The gross proceeds of sales or gross income from a contract to
provide for one or more of the following actions, or a contract for site
preparation, constructing, furnishing or installing machinery, equipment or
other tangible personal property, including structures necessary to protect
exempt incorporated materials or installed machinery or equipment, and
tangible personal property incorporated into the project, to perform one or
more of the following actions in response to a release or suspected release
of a hazardous substance, pollutant or contaminant from a facility to the
environment, unless the release was authorized by a permit issued by a
governmental authority:
   (a) Actions to monitor, assess and evaluate such a release or a
suspected release.
   (b) Excavation, removal and transportation of contaminated soil and
its treatment or disposal.
   (c) Treatment of contaminated soil by vapor extraction, chemical or
physical stabilization, soil washing or biological treatment to reduce the
concentration, toxicity or mobility of a contaminant.
   (d) Pumping and treatment or in situ treatment of contaminated
groundwater or surface water to reduce the concentration or toxicity of a
contaminant.
   (e) The installation of structures, such as cutoff walls or caps, to
contain contaminants present in groundwater or soil and prevent them from
reaching a location where they could threaten human health or welfare or the
environment.

This paragraph does not include asbestos removal or the construction or use
of ancillary structures such as maintenance sheds, offices or storage
facilities for unattached equipment, pollution control equipment, facilities
or other control items required or to be used by a person to prevent or
control contamination before it reaches the environment.

7. The gross proceeds of sales or gross income that is derived from a
contract entered into for the installation, assembly, repair or maintenance
of machinery, equipment or other tangible personal property that is deducted
from the tax base of the retail classification pursuant to section 42-5061,
subsection B, or that is exempt from use tax pursuant to section 42-5159,
subsection B, and that does not become a permanent attachment to a building,
highway, road, railroad, excavation or manufactured building or other
structure, project, development or improvement. If the ownership of the
realty is separate from the ownership of the machinery, equipment or tangible
personal property, the determination as to permanent attachment shall be made
as if the ownership were the same. The deduction provided in this paragraph
does not include gross proceeds of sales or gross income from that portion of
any contracting activity that consists of the development of, or modification
to, real property in order to facilitate the installation, assembly, repair,
maintenance or removal of machinery, equipment or other tangible personal property that is deducted from the tax base of the retail classification pursuant to section 42-5061, subsection B or that is exempt from use tax pursuant to section 42-5159, subsection B. For the purposes of this paragraph:

(a) "INDEPENDENT FUNCTIONAL UTILITY" MEANS THAT THE MACHINERY, EQUIPMENT OR OTHER TANGIBLE PERSONAL PROPERTY CAN SUBSTANTIALLY PERFORM ITS FUNCTION WITHOUT ATTACHMENT TO REAL PROPERTY. ATTACHMENT TO REAL PROPERTY SHALL NOT BE DETERMINED BASED ON THE SIZE OR USEFUL LIFE OF THE MACHINERY, EQUIPMENT OR OTHER TANGIBLE PERSONAL PROPERTY AND MUST INCLUDE MORE THAN:

(i) ASSEMBLING THE MACHINERY, EQUIPMENT OR OTHER TANGIBLE PERSONAL PROPERTY.

(ii) CONNECTING ITEMS OF MACHINERY, EQUIPMENT OR OTHER TANGIBLE PERSONAL PROPERTY TO EACH OTHER.

(iii) CONNECTING THE MACHINERY, EQUIPMENT OR OTHER TANGIBLE PERSONAL PROPERTY, WHETHER AS AN INDIVIDUAL ITEM OR AS A SYSTEM OF ITEMS, TO WATER, POWER, GAS, COMMUNICATION OR OTHER SERVICES.

(iv) BOLTING DOWN OR BURYING THE MACHINERY, EQUIPMENT OR OTHER TANGIBLE PERSONAL PROPERTY OR OTHERWISE AFFIXING THE MACHINERY, EQUIPMENT OR OTHER TANGIBLE PERSONAL PROPERTY TO REAL PROPERTY OR REAL PROPERTY IMPROVEMENTS TO STABILIZE OR PROTECT THE MACHINERY, EQUIPMENT OR OTHER TANGIBLE PERSONAL PROPERTY DURING OPERATION.

(b) "Permanent attachment" means at least one of the following, EXCEPT THAT PERMANENT ATTACHMENT DOES NOT INCLUDE MACHINERY, EQUIPMENT OR OTHER TANGIBLE PERSONAL PROPERTY THAT HAS AN INDEPENDENT FUNCTIONAL UTILITY:

(i) To be incorporated into real property.

(ii) To become so affixed to real property that it becomes a part of the real property.

(iii) To be so attached to real property that removal would cause substantial damage to the real property from which it is removed.

8. The gross proceeds of sales or gross income attributable to the purchase of machinery, equipment or other tangible personal property that is exempt from or deductible from transaction privilege and use tax under:

(a) Section 42-5061, subsection A, paragraph 25 or 29.

(b) Section 42-5061, subsection B.

(c) Section 42-5159, subsection A, paragraph 13, subdivision (a), (b), (c), (d), (e), (f), (i), (j) or (l).

(d) Section 42-5159, subsection B.

9. The gross proceeds of sales or gross income received from a contract for the construction of an environmentally controlled facility for the raising of poultry for the production of eggs and the sorting, cooling and packaging of eggs.

10. The gross proceeds of sales or gross income that is derived from a contract entered into with a person who is engaged in the commercial production of livestock, livestock products or agricultural, horticultural,
viticultural or floricultural crops or products in this state for the
construction, alteration, repair, improvement, movement, wrecking or
demolition or addition to or subtraction from any building, highway, road,
excavation, manufactured building or other structure, project, development or
improvement used directly and primarily to prevent, monitor, control or
reduce air, water or land pollution.

11. The gross proceeds of sales or gross income that is derived from
the installation, assembly, repair or maintenance of clean rooms that are
deducted from the tax base of the retail classification pursuant to section
42-5061, subsection B, paragraph 16.

12. For taxable periods beginning from and after June 30, 2001, the
gross proceeds of sales or gross income derived from a contract entered into
for the construction of a residential apartment housing facility that
qualifies for a federal housing subsidy for low income persons over sixty-two
years of age and that is owned by a nonprofit charitable organization that
has qualified under section 501(c)(3) of the internal revenue code.

13. For taxable periods beginning from and after December 31, 1996 and
ending before January 1, 2017, the gross proceeds of sales or gross income
derived from a contract to provide and install a solar energy device. The
contractor shall register with the department as a solar energy contractor.
By registering, the contractor acknowledges that it will make its books and
records relating to sales of solar energy devices available to the department
for examination.

14. The gross proceeds of sales or gross income derived from a contract
entered into for the construction of a launch site, as defined in 14 Code of
Federal Regulations section 401.5.

15. The gross proceeds of sales or gross income derived from a contract
entered into for the construction of a domestic violence shelter that is
owned and operated by a nonprofit charitable organization that has qualified
under section 501(c)(3) of the internal revenue code.

16. The gross proceeds of sales or gross income derived from contracts
to perform postconstruction treatment of real property for termite and
general pest control, including wood destroying organisms.

17. The gross proceeds of sales or gross income received from contracts
entered into before July 1, 2006 for constructing a state university research
infrastructure project if the project has been reviewed by the joint
committee on capital review before the university enters into the
construction contract for the project. For the purposes of this paragraph,
"research infrastructure" has the same meaning prescribed in section 15-1670.

18. The gross proceeds of sales or gross income received from a
contract for the construction of any building, or other structure, project,
development or improvement owned by a qualified business under section
41-1516 for harvesting or processing qualifying forest products removed from
qualifying projects as defined in section 41-1516 if actual construction
begins before January 1, 2024. To qualify for this deduction, the prime
contractor must obtain a letter of qualification from the Arizona commerce
authority before beginning work under the contract.

19. Any amount of the gross proceeds of sales or gross income
attributable to development fees that are incurred in relation to a contract
for construction, development or improvement of real property and that are
paid by a prime contractor or subcontractor. For the purposes of this
paragraph:
   (a) The attributable amount shall not exceed the value of the
development fees actually imposed.
   (b) The attributable amount is equal to the total amount of
development fees paid by the prime contractor or subcontractor, and the total
development fees credited in exchange for the construction of, contribution
to or dedication of real property for providing public infrastructure, public
safety or other public services necessary to the development. The real
property must be the subject of the development fees.
   (c) "Development fees" means fees imposed to offset capital costs of
providing public infrastructure, public safety or other public services to a
development and authorized pursuant to section 9-463.05, section 11-1102 or
title 48 regardless of the jurisdiction to which the fees are paid.

C. Entitlement to the deduction pursuant to subsection B, paragraph 7
of this section is subject to the following provisions:
   1. A prime contractor may establish entitlement to the deduction by
both:
      (a) Marking the invoice for the transaction to indicate that the gross
      proceeds of sales or gross income derived from the transaction was deducted
      from the base.
      (b) Obtaining a certificate executed by the purchaser indicating the
      name and address of the purchaser, the precise nature of the business of the
      purchaser, the purpose for which the purchase was made, the necessary facts
      to establish the deductibility of the property under section 42-5061,
      subsection B, and a certification that the person executing the certificate
      is authorized to do so on behalf of the purchaser. The certificate may be
      disregarded if the prime contractor has reason to believe that the
      information contained in the certificate is not accurate or complete.
      2. A person who does not comply with paragraph 1 of this subsection
may establish entitlement to the deduction by presenting facts necessary to
support the entitlement, but the burden of proof is on that person.
   3. The department may prescribe a form for the certificate described
in paragraph 1, subdivision (b) of this subsection. The department may also
adopt rules that describe the transactions with respect to which a person is
not entitled to rely solely on the information contained in the certificate
provided in paragraph 1, subdivision (b) of this subsection but must instead
obtain such additional information as required in order to be entitled to the
deduction.
4. If a prime contractor is entitled to a deduction by complying with paragraph 1 of this subsection, the department may require the purchaser who caused the execution of the certificate to establish the accuracy and completeness of the information required to be contained in the certificate that would entitle the prime contractor to the deduction. If the purchaser cannot establish the accuracy and completeness of the information, the purchaser is liable in an amount equal to any tax, penalty and interest that the prime contractor would have been required to pay under article 1 of this chapter if the prime contractor had not complied with paragraph 1 of this subsection. Payment of the amount under this paragraph exempts the purchaser from liability for any tax imposed under article 4 of this chapter. The amount shall be treated as a transaction privilege tax to the purchaser and as tax revenues collected from the prime contractor in order to designate the distribution base for purposes of section 42-5029.

D. Subcontractors or others who perform services in respect to any improvement, building, highway, road, railroad, excavation, manufactured building or other structure, project, development or improvement are not subject to tax if they can demonstrate that the job was within the control of a prime contractor or contractors or a dealership of manufactured buildings and that the prime contractor or dealership is liable for the tax on the gross income, gross proceeds of sales or gross receipts attributable to the job and from which the subcontractors or others were paid.

E. Amounts received by a contractor for a project are excluded from the contractor's gross proceeds of sales or gross income derived from the business if the person who hired the contractor executes and provides a certificate to the contractor stating that the person providing the certificate is a prime contractor and is liable for the tax under article 1 of this chapter. The department shall prescribe the form of the certificate. If the contractor has reason to believe that the information contained on the certificate is erroneous or incomplete, the department may disregard the certificate. If the person who provides the certificate is not liable for the tax as a prime contractor, that person is nevertheless deemed to be the prime contractor in lieu of the contractor and is subject to the tax under this section on the gross receipts or gross proceeds received by the contractor.

F. Every person engaging or continuing in this state in the business of prime contracting or dealership of manufactured buildings shall present to the purchaser of such prime contracting or manufactured building a written receipt of the gross income or gross proceeds of sales from such activity and shall separately state the taxes to be paid pursuant to this section.

G. For the purposes of section 42-5032.01, the department shall separately account for revenues collected under the prime contracting classification from any prime contractor engaged in the preparation or construction of a multipurpose facility, and related infrastructure, that is
owned, operated or leased by the tourism and sports authority pursuant to title 5, chapter 8.

H. For the purposes of section 42-5032.02, from and after September 30, 2013, the department shall separately account for revenues reported and collected under the prime contracting classification from any prime contractor engaged in the construction of any buildings and associated improvements that are for the benefit of a manufacturing facility. For the purposes of this subsection, "associated improvements" and "manufacturing facility" have the same meanings prescribed in section 42-5032.02.

I. The gross proceeds of sales or gross income derived from a contract for lawn maintenance services are not subject to tax under this section if the contract does not include landscaping activities. Lawn maintenance service is a service pursuant to section 42-5061, subsection A, paragraph 1, and includes lawn mowing and edging, weed control, repairing sprinkler heads or drip irrigation heads, seasonal replacement of flowers, refreshing gravel, lawn de-thatching, seeding winter lawns, leaf and debris collection and removal, tree or shrub pruning or clipping, garden and gravel raking and applying pesticides, as defined in section 3-361, and fertilizer materials, as defined in section 3-262.

J. The gross proceeds of sales or gross income derived from landscaping activities are subject to tax under this section. Landscaping includes installing lawns, grading or leveling ground, installing gravel or boulders, planting trees and other plants, felling trees, removing or mulching tree stumps, removing other imbedded plants, building or modifying irrigation berms, repairing sprinkler or watering systems, installing railroad ties and installing underground sprinkler or watering systems.

K. The portion of gross proceeds of sales or gross income attributable to the actual direct costs of providing architectural or engineering services that are incorporated in a contract is not subject to tax under this section. For the purposes of this subsection, "direct costs" means the portion of the actual costs that are directly expended in providing architectural or engineering services.

L. Operating a landfill or a solid waste disposal facility is not subject to taxation under this section, including filling, compacting and creating vehicle access to and from cell sites within the landfill. Constructing roads to a landfill or solid waste disposal facility and constructing cells within a landfill or solid waste disposal facility may be deemed prime contracting under this section.

M. The following apply to manufactured buildings:

1. For sales in this state where the dealership of manufactured buildings contracts to deliver the building to a setup site or to perform the setup in this state, the taxable situs is the setup site.

2. For sales in this state where the dealership of manufactured buildings does not contract to deliver the building to a setup site or does
not perform the setup, the taxable situs is the location of the dealership where the building is delivered to the buyer.

3. For sales in this state where the dealership of manufactured buildings contracts to deliver the building to a setup site that is outside this state, the situs is outside this state and the transaction is excluded from tax.

N. The gross proceeds of sales or gross income attributable to a separate, written design phase services contract or professional services contract, executed before modification begins, is not subject to tax under this section, regardless of whether the services are provided sequential to or concurrent with prime contracting activities that are subject to tax under this section. This subsection does not include the gross proceeds of sales or gross income attributable to construction phase services. For the purposes of this subsection:

1. “Construction phase services” means services for the execution and completion of any modification, including the following:
   (a) Administration or supervision of any modification performed on the project, including team management and coordination, scheduling, cost controls, submittal process management, field management, safety program, close-out process and warranty period services.
   (b) Administration or supervision of any modification performed pursuant to a punch list. For the purposes of this subdivision, “punch list” means minor items of modification work performed after substantial completion and before final completion of the project.
   (c) Administration or supervision of any modification performed pursuant to change orders. For the purposes of this subdivision, “change order” means a written instrument issued after execution of a contract for modification work, providing for all of the following:
      (i) The scope of a change in the modification work, contract for modification work or other contract documents.
      (ii) The amount of an adjustment, if any, to the guaranteed maximum price as set in the contract for modification work. For the purposes of this item, “guaranteed maximum price” means the amount guaranteed to be the maximum amount due to a prime contractor for the performance of all modification work for the project.
      (iii) The extent of an adjustment, if any, to the contract time of performance set forth in the contract.
   (d) Administration or supervision of any modification performed pursuant to change directives. For the purposes of this subdivision, “change directive” means a written order directing a change in modification work before agreement on an adjustment of the guaranteed maximum price or contract time.
   (e) Inspection to determine the dates of substantial completion or final completion.
(f) Preparation of any manuals, warranties, as-built drawings, spares or other items the prime contractor must furnish pursuant to the contract for modification work. For the purposes of this subdivision, "as-built drawing" means a drawing that indicates field changes made to adapt to field conditions, field changes resulting from change orders or buried and concealed installation of piping, conduit and utility services.

(g) Preparation of status reports after modification work has begun detailing the progress of work performed, including preparation of any of the following:

   (i) Master schedule updates.

   (ii) Modification work cash flow projection updates.

   (iii) Site reports made on a periodic basis.

   (iv) Identification of discrepancies, conflicts or ambiguities in modification work documents that require resolution.

   (v) Identification of any health and safety issues that have arisen in connection with the modification work.

(h) Preparation of daily logs of modification work, including documentation of personnel, weather conditions and on-site occurrences.

(i) Preparation of any submittals or shop drawings used by the prime contractor to illustrate details of the modification work performed.

(j) Administration or supervision of any other activities for which a prime contractor receives a certificate for payment or certificate for final payment based on the progress of modification work performed on the project.

2. "Design phase services" means services for developing and completing a design for a project that are not construction phase services, including the following:

   (a) Evaluating surveys, reports, test results or any other information on-site conditions for the project, including physical characteristics, legal limitations and utility locations for the site.

   (b) Evaluating any criteria or programming objectives for the project to ascertain requirements for the project, such as physical requirements affecting cost or projected utilization of the project.

   (c) Preparing drawings and specifications for architectural program documents, schematic design documents, design development documents, modification work documents or documents that identify the scope of or materials for the project.

   (d) Preparing an initial schedule for the project, excluding the preparation of updates to the master schedule after modification work has begun.

   (e) Preparing preliminary estimates of costs of modification work before completion of the final design of the project, including an estimate or schedule of values for any of the following:

      (i) Labor, materials, machinery and equipment, tools, water, heat, utilities, transportation and other facilities and services used in the execution and completion of modification work, regardless of whether they are
temporary or permanent or whether they are incorporated in the modifications.

(ii) The cost of labor and materials to be furnished by the owner of the real property.

(iii) The cost of any equipment of the owner of the real property to be assigned by the owner to the prime contractor.

(iv) The cost of any labor for installation of equipment separately provided by the owner of the real property that has been designed, specified, selected or specifically provided for in any design document for the project.

(v) Any fee paid by the owner of the real property to the prime contractor pursuant to the contract for modification work.

(vi) Any bond and insurance premiums.

(vii) Any applicable taxes.

(viii) Any contingency fees for the prime contractor that may be used before final completion of the project.

(f) Reviewing and evaluating cost estimates and project documents to prepare recommendations on site use, site improvements, selection of materials, building systems and equipment, modification feasibility, availability of materials and labor, local modification activity as related to schedules and time requirements for modification work.

(g) Preparing the plan and procedures for selection of subcontractors, including any prequalification of subcontractor candidates.

3. "Professional services" means architect services, assayer services, engineer services, geologist services, land surveying services or landscape architect services that are within the scope of those services as provided in title 32, chapter 1 and for which gross proceeds of sales or gross income has not otherwise been deducted under subsection K of this section.

O. Notwithstanding subsection P, paragraph 8 of this section, a person owning real property who enters into a contract for sale of the real property, who is responsible to the new owner of the property for modifications made to the property in the period subsequent to the transfer of title and who receives a consideration for the modifications is considered a prime contractor solely for purposes of taxing the gross proceeds of sale or gross income received for the modifications made subsequent to the transfer of title. The original owner's gross proceeds of sale or gross income received for the modifications shall be determined according to the following methodology:

1. If any part of the contract for sale of the property specifies amounts to be paid to the original owner for the modifications to be made in the period subsequent to the transfer of title, the amounts are included in the original owner's gross proceeds of sale or gross income under this section. Proceeds from the sale of the property that are received after transfer of title and that are unrelated to the modifications made subsequent to the transfer of title are not considered gross proceeds of sale or gross income from the modifications.
2. If the original owner enters into an agreement separate from the contract for sale of the real property providing for amounts to be paid to the original owner for the modifications to be made in the period subsequent to the transfer of title to the property, the amounts are included in the original owner's gross proceeds of sale or gross income received for the modifications made subsequent to the transfer of title.

3. If the original owner is responsible to the new owner for modifications made to the property in the period subsequent to the transfer of title and derives any gross proceeds of sale or gross income from the project subsequent to the transfer of title other than a delayed disbursement from escrow unrelated to the modifications, it is presumed that the amounts are received for the modifications made subsequent to the transfer of title unless the contrary is established by the owner through its books, records and papers kept in the regular course of business.

4. The tax base of the original owner is computed in the same manner as a prime contractor under this section.

P. For the purposes of this section:

1. "Contracting" means engaging in business as a contractor.

2. "Contractor" is synonymous with the term "builder" and means any person or organization that undertakes to or offers to undertake to, or purports to have the capacity to undertake to, or submits a bid to, or does personally or by or through others, modify any building, highway, road, railroad, excavation, manufactured building or other structure, project, development or improvement, or to do any part of such a project, including the erection of scaffolding or other structure or works in connection with such a project, and includes subcontractors and specialty contractors. For all purposes of taxation or deduction, this definition shall govern without regard to whether or not such contractor is acting in fulfillment of a contract.

3. "Dealership of manufactured buildings" means a dealer who either:
   (a) Is licensed pursuant to title 41, chapter 16 and who sells manufactured buildings to the final consumer.
   (b) Supervises, performs or coordinates the excavation and completion of site improvements, setup or moving of a manufactured building including the contracting, if any, with any subcontractor or specialty contractor for the completion of the contract.

4. "Manufactured building" means a manufactured home, mobile home or factory-built building, as defined in section 41-2142.

5. "Modification" means construction, alteration, repair, addition, subtraction, improvement, movement, wreckage or demolition.

6. "Modify" means to construct, alter, repair, add to, subtract from, improve, move, wreck or demolish.

7. "Prime contracting" means engaging in business as a prime contractor.
8. "Prime contractor" means a contractor who supervises, performs or coordinates the modification of any building, highway, road, railroad, excavation, manufactured building or other structure, project, development or improvement including the contracting, if any, with any subcontractors or specialty contractors and who is responsible for the completion of the contract. Except as provided in subsections E and O of this section, a person who owns real property, who engages one or more contractors to modify that real property and who does not itself modify that real property is not a prime contractor within the meaning of this paragraph regardless of the existence of a contract for sale or the subsequent sale of that real property.

9. "Sale of a used manufactured building" does not include a lease of a used manufactured building.

Sec. 2. Section 42-6004, Arizona Revised Statutes, is amended to read:

2. Interstate telecommunications services, which include that portion of telecommunications services, such as subscriber line service, allocable by federal law to interstate telecommunications service.
3. Sales of warranty or service contracts.

If a city, town or special taxing district exempts sales of food from its tax or imposes a different transaction privilege rate on the gross proceeds of sales or gross income from sales of food and nonfood items, it shall use the definition of food prescribed by rule adopted by the department pursuant to section 42-5106.
8. Sales of internet access services to the person's subscribers and customers. For the purposes of this paragraph:
H.B. 2535

(a) "Internet" means the computer and telecommunications facilities that comprise the interconnected worldwide network of networks that employ the transmission control protocol or internet protocol, or any predecessor or successor protocol, to communicate information of all kinds by wire or radio.

(b) "Internet access" means a service that enables users to access content, information, electronic mail or other services over the internet. Internet access does not include telecommunication services provided by a common carrier.

9. The gross proceeds of sales or gross income retained by the Arizona exposition and state fair board from ride ticket sales at the annual Arizona state fair.

11. The gross proceeds of sales or gross income derived from a commercial lease in which a reciprocal insurer or a corporation leases real property to an affiliated corporation. For the purposes of this paragraph:

(a) "Affiliated corporation" means a corporation that meets one of the following conditions:

(i) The corporation owns or controls at least eighty per cent of the lessor.

(ii) The corporation is at least eighty per cent owned or controlled by the lessor.

(iii) The corporation is at least eighty per cent owned or controlled by a corporation that also owns or controls at least eighty per cent of the lessor.

(iv) The corporation is at least eighty per cent owned or controlled by a corporation that is at least eighty per cent owned or controlled by a reciprocal insurer.

(c) "Reciprocal insurer" has the same meaning prescribed in section 20-762.

12. The gross proceeds of sales or gross income derived from a commercial lease in which a corporation leases real property to a corporation of which at least eighty per cent of the voting shares of each corporation are owned by the same shareholders.

13. The gross proceeds of sales or gross income derived from a contract entered into for the installation, assembly, repair or maintenance of machinery, equipment or other tangible personal property that is deducted from the tax base of the retail classification pursuant to section 42-5061, subsection B or that is exempt from use tax pursuant to section 42-5159, subsection B, and that does not become a permanent attachment to a building, highway, road, railroad, excavation or manufactured building or other structure, project, development or improvement. If the ownership of the
REALTY IS SEPARATE FROM THE OWNERSHIP OF THE MACHINERY, EQUIPMENT OR OTHER TANGIBLE PERSONAL PROPERTY, THE DETERMINATION AS TO PERMANENT ATTACHMENT SHALL BE MADE AS IF THE OWNERSHIP WERE THE SAME. THE DEDUCTION PROVIDED IN THIS PARAGRAPH DOES NOT INCLUDE GROSS PROCEEDS OF SALES OR GROSS INCOME DERIVED FROM THAT PORTION OF ANY CONTRACTING ACTIVITY THAT CONSISTS OF THE DEVELOPMENT OF, OR MODIFICATION TO, REAL PROPERTY TO FACILITATE THE INSTALLATION, ASSEMBLY, REPAIR, MAINTENANCE OR REMOVAL OF MACHINERY, EQUIPMENT OR OTHER TANGIBLE PERSONAL PROPERTY THAT IS DEDUCTED FROM THE TAX BASE OF THE RETAIL CLASSIFICATION PURSUANT TO SECTION 42-5061, SUBSECTION B OR THAT IS EXEMPT FROM USE TAX PURSUANT TO SECTION 42-5159, SUBSECTION B.
